It is the responsibility of the parent or accompanying adult to keep children off the track at all times. For the safety of the children, repeated deviation cannot be tolerated and the parent or accompanying adult will be asked to leave. We welcome children at the track but their safety is of the utmost importance.
2. Children under the age of 16 must have an adult present at the track.
3. It is the responsibility of the RC driver to check with all the other drivers before keying up their transmitter. If there is a frequency clip board available, please make use of it.

If you are using a stock AM or FM 27 MHz radio you will need a new radio before you can run at the NRC track. If your failure to follow this rule results in any type of conflict, damage or injury you will be held legally and financially responsible.
5. No RC vehicles over 1/8th scale (such as Bajas) are allowed on the NRC Track. These vehicles may be run around the track in the fields. These vehicles tear up the track and ruin the jumps due to their size and weight.
